No joy or pleasure on this earth quite equals that which comes into the home when baby arrives. Who can describe the happiness of man and woman, joined in wedlock, as they look upon the fragile, delicate mite that is blood of their blood?

and flesh of their flesh? And who can depict the hopelessness and dejection that hover about the home where the wife is incapable of becoming a mother? Barrenness proceeds from some derangement of the distinctly feminine organs. Many of the common ailments known as "female troubles" cause it. Dr. Pierce's Favorite Prescription overcomes barrenness by stamping out diseases of women, and by healing and curing ulceration. It tones up the system, stops drains, restores strength. During gestation it modifies morning sickness, gives elasticity to the overstrained parts concerned, makes the hour of baby's coming short and almost painless, and gives wonderful recuperative power to the patient. By making the mother strong and cheerful, it makes the little one healthy, vigorous and good natured. Insist upon the medicine dealer giving you Dr. Pierce's Favorite Prescription when you ask for it. Substitutes are often dangerous.

Mrs. James W. Blacker, of 405 Catherine St., Syracuse, N. Y., writes: "You medicines have done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' I have much better health, and now I have a fine healthy baby."

For 21-cent stamps to cover cost of mailing only, you can get a free copy of the celebrated doctor book, the Common Sense Medical Adviser, 1008 pages, illustrated, cloth-bound, 11 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Acting as a Bar to Profitable Employment.
You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, one's youthful appearance. It is impossible to do this without retaining a luxuriant growth of hair. The presence of Dandruff indicates the presence of a burrowing germ, which lives and thrives on the roots of the hair until it causes total baldness. Newbro's Herpelide is the only known destroyer of this pest, and it is as effective, as it is delightful to use. Herpelide makes an elegant hair dressing as well as Dandruff cure. Accept no substitute—there is none. Sold by leading druggists. Send 10c. in stamps for sample to The Herpelide Co., Detroit, Mich.

Two Dyspeptics
If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat-producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatin.

Kodol Dyspepsia Cure
contains all the digestive juices that are found in a healthy stomach, and in exactly the proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat
Rests the stomach, rebuilds the tissues and gives firm flesh.

DISORDER IN CHICAGO.

After a conference held in his office late yesterday afternoon with representatives of the Teamsters' Union, Mayor Dunne, of Chicago, announced that he had about given up hope of settling the Montgomery Ward & Co. strike.

"I will hold a conference Tuesday," said the Mayor, "with representatives of both sides, but I have no idea at the present time that anything will result from the meetings. Both sides to the controversy seem determined to hold their ground, and there is nothing more that I can do. This settling of a big strike is a larger undertaking than I thought it would prove."

The conference late yesterday afternoon developed nothing new.

There were numerous disturbances yesterday in the streets and around freight houses. Several non-union men on their way home were followed and beaten by strike sympathizers. Henry Auten was beaten so severely with brass knuckles that he may die.

The most serious disturbances of the day occurred late in the afternoon at the intersection of State and Madison streets. A mob numbering 2,000 persons gathered about a State street cable car in which James Jackson and Moses Flood, colored, who had driven a wagon to Montgomery Ward & Co's store, were riding. The two men, under guard of the police, had delivered a load of cheese to Montgomery Ward & Co., and after returning to the place from which they started, had boarded the car to return to their homes. They had ridden three squares when a crowd gathered around the car, and several strikers boarded it and attacked the negroes. Stones and sticks were hurled at the car, and in a twinkling every window in it was smashed. Two policemen rushed into the car, and in order to protect the colored men from the crowd, arrested them. A riot call was sent to the Central Police station, and it took 20 officers 30 minutes to drive away the crowd and open the streets again to traffic.

Boys Perish in a Panic.
Frenzied by a false alarm of fire, several hundred newsboys, struggling to obtain free tickets to a show by a patent-medicine advertising company, stampeded in a narrow stairway in the Masonic Temple at Indianapolis, Ind., last night, crushing the life out of four boys and probably fatally injuring several other children.

Long before the time approached for the distribution of free tickets the stairs of Masonic Temple were crowded with a pushing, yelling crowd of children, mostly newsboys, each anxious to be first to receive a pass. When the distribution began the excitement became more intense, and the efforts of several policemen to maintain order were unavailing.

It is alleged by a witness that one of the boys, in an endeavor to hasten the exit of those who had received passes, shouted "Fire!" Immediately those at the top of the stairs faced about and began madly to force a way to the bottom of the steps. Shrieks and personal encounters followed, and those at the top became so closely entangled that the mass of boys fell, clinging to each other, on the struggling knot of youths at the bottom of the stairs.

Policemen from Central station responded to a riot call, and began to extricate the smothering boys. Four of the latter were dead when uncovered. The boys fought desperately to get free, and a dozen were injured by the first crush or were hurt by the subsequent scramble for air.

A Rabbi's View of Matrimony.
Words of warning of the dangers apt to follow marriages of Jews with non-Jews were spoken Sunday by Dr. Emil G. Hirsch in his sermon in Sinai Temple in Chicago. Differences in views of religious matters and of other "fundamental things of life," the speaker said, constituted great obstacles. His subject was "Mixed Marriages."

"I have shown my sanction of such marriages by performing the ceremony myself, and such marriages are sanctified by their should not be encouraged actively," he said. The present day tendency to disregard parental advice was deplored, and the climax of the sermon was reached when Dr. Hirsch said: "At the best, marriage never is smooth sailing, and when young persons feel brave enough and strong enough to follow when love has bridged a chasm caused by 1,500 years of persecution of the Jews, and do so in the face of parental objections, they often find the way has bitterness worse than agony."

Continuing he said: "So I say, even if all other considerations are forgotten and for the sake of the world, if not for the Jewish faith, the band of warning should be raised against the mistaking of the flash of passion or infatuation for the love which should be guided by wisdom. The Jews should guard jealously against the marriage of the Jew and non-Jew except in the rare case where a true affinity based on agreement in the fundamental things of life, has been found and tested."

All surface cancers are now known to be curable by Bucklen's Arnica Salve. Jas. STOP! WOMEN,

AND CONSIDER THE ALL-IMPORTANT FACT

Mrs. Pinkham's Standing Invitation:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance. — Lydia E. Pinkham Medicine Co., Lynn, Mass.

Following we publish two letters from a woman who accepted this invitation. Note the result.

First letter.

"Dear Mrs. Pinkham:—
"For eight years I have suffered something terrible every month with my periods. The pains are excruciating and I can hardly stand them. My doctor says I have ovarian and womb trouble, and I must go through an operation if I want to get well. I do not want to submit to it if I can possibly help it. Please tell me what to do. I hope you can relieve me." Mrs. Mary Dimmick, 50th and E. Capitol Sts., Benning P.O., Washington, D.C.

Second letter.

"After following carefully your advice, and taking Lydia E. Pinkham's Vegetable Compound, I am very anxious to send you my testimonial, that others may know their value and what you have done for me."

Fired at Americans.

A letter from Puerto Plata, Santo Domingo, dated April 4, says that a crew from the Detroit landed the previous night, but was quickly halted. About 20 minutes before 9 o'clock a small fire was observed in the fort from the ships. Two divisions of men were at once put on shore in boats carrying a miscellaneous assortment of axes, shovels and hand grenades. As soon as the first boat reached the shore the men started on a run for the fort. Dominican soldiers, thinking an attacking party was coming, fired a number of shots and called out the garrison. Finally the officer in charge of the American party succeeded in explaining that they wished to help put out the fire. He was told by the Dominicans that they were only burning rubbish, and the native officer added the inquiry whether Americans allowed people to come into their forts after dark. Only his coolness prevented what might have resulted in disaster.
